

Reviewer Instructions

Step 1: Log in to the site - <http://ecoc2011.abstractcentral.com/>

Step 2: Go to the review center by clicking the review tab at the top of the page. If you do not have the review tab, contact your site administrator and let them know you need the reviewer role added to your account and assignments for review.

Upon clicking this tab, you are required to answer/agree to the statement below. Failure to agree to this will log you out of the system and you may not proceed with the review process.

Once in the Review Center, you will see the Abstract List Overview area where you can see a summary of information regarding your assignments. Here you can keep track of the number of submissions assigned to you, the number you've completed and the number you have left to complete.

The screenshot shows the 'Abstract List Overview' page. On the left, there is a sidebar with 'by control ID' and 'Log Out' options. The main content area has a 'Display Options' section with search filters and a table. A red arrow points to the 'Search' button in the search filter section.

Step 3 – Begin Reviewing

Immediately below the Abstract List Overview are the submissions waiting for your review. To view a submission, click on a “control id” – this will open a proof of the submission with a link to the attached paper. Once you have reviewed the submission and are ready to score the paper, find the “score” dropdown and choose your desired score. If you have a recommendation to add, choose that from the dropdown as well. Press “Save” to ensure your changes are recorded. Repeat this for all submissions assigned to you (be sure to save after each one) until you see there are zero remaining in your Abstract List Overview area. When you see this, you are done.

If you feel you have a conflict of interest for a paper, check that box and press “Save.” Similarly, if you feel the paper was submitted to the wrong category, simply check that box and press “Save.”

5	994124	<input type="checkbox"/>	<input type="checkbox"/>	None ▾	None ▾

Additional Tips:

- If you would like view several submissions at once, there are a couple of options for this at the bottom of the page. To see this, try clicking the “Print all on this page” radio button followed by “Print” (be sure to choose the HTML options first to see what’s going to happen).
